#### SYNOPSIS:

After living in Australia for a decade, Kevin returns to Hong Kong and reunites with childhood friend Jamie. Kevin confesses his affection for Jamie, but is met with aloofness, spiraling him into self-sabotaging behavior. Now Jamie needs to reconcile his feelings for Kevin before he loses him forever. In this stunning tale of forbidden romance, director Simon Chung (innocent, End of Love) takes audiences on a journey to revisit childhood nostalgia, inviting us to reminisce upon our experience of first love.
